Please read this very carefully.

Your new puppy has been bred and reared with the utmost love and care to every detail. These points have been drawn up to maintain the quality both in your puppy and in the Standard Poodle breed.

Your puppy has been raised in a busy household environment and is therefore used to the doorbell, vacuum cleaner, telephone, people laughing and everyday noise. He/She has been handled and socialised since the moment of birth. He/She has been health checked by our vet.

You have 48 hours to have your vet health check the puppy at your expense. If your vet finds any problem which, in their opinion, renders the puppy unfit for sale, we will take the puppy back and refund the full purchase price, minus the non-refundable deposit; on condition that the puppy is returned within seven days of purchase and is in the same state of health as when it was sold. An original copy of the vet certificate stating their findings, must be provided.

Before purchase, I recommend that you consult your veterinary surgeon about this breed and any possible diseases, genetic or otherwise to which it is prone and you accept that we the breeders can not be held responsible if such a disease develops later in life, after a satisfactory preliminary examination by your veterinary surgeon.

You confirm that We will not be held responsible for any distress caused by the return of the puppy. You are solely liable for any costs associated with the return of the puppy to us. You must provide a written statement from your vet setting out the problem.

As responsible breeders we care a great deal about our pups. As such we insist that you guarantee that the puppy will not be transferred to a third party without our permission in writing. Failure to do so will result in legal action and a fine of £1000 payable within 28 days.

ZantesCwtch Standard Poodles

You will make sure your garden is secure and your fencing is sufficient to keep an active Standard Poodle within your grounds and this puppy will not be kept permanently in a kennel or crate, or tied up and will not be regularly left unattended for periods longer than 4 hours.

You will properly house, feed, water and exercise this dog and will arrange for appropriate veterinary care if and when required. You will not allow the dog to roam at large or to cause a nuisance to neighbours, when away from home you will ensure that the dog wears a properly tagged collar and shall be kept on a lead or under control.

The Kennel Club Registration Form states that this puppy cannot have an Export Certificate (Not applicable to puppies sold directly by ourselves overseas). Should you decide to permanently reside abroad and provide me with proof of this intent this restriction may be lifted at our discretion.

The Kennel Club Registration Form states that progeny from this Standard Poodle may not be registered. This means that should you breed from this dog you cannot register it's offspring. This restriction may be lifted at our discretion after all health checks and tests have been carried out, subject to receiving copies of the certificates, if the dog has been shown and deemed by breed specialist judges to be a good specimen of the breed; and if a bitch, is over the age of two years. Additionally he/she must be proven to have a hip and elbow score below the breed average, and a yearly BVA eye certificate . Consequently I ask that you endorse the pups from any matings until they have also passed health testing, and reached correct breeding age (2 years old) this is to ensure responsible breeding.

We cannot make any guarantees about future temperament, size, markings, colour, breeding issues/success, health, conformation or show potential.

You guarantee that if for any reason you are unwilling to keep the puppy/dog at any time, we will ALWAYS take the dog back. We bred him/her and as the breeders are committed to the dogs welfare and well being. Please keep in contact and let us know how the pup is doing, we love them as much as you do.

If there is anything in this contract that you are not happy with and do not wish to sign, we are sorry but we will be unable to sell you one of our puppies.
